

Megan and her family adopted two dogs from Animals Rule, Dino and Rocky, when she was a young girl. Once of age, Megan has returned to volunteer her time giving back to the organization where it all started from.

Megan is an exceptional student with a GPA above a 4.0. She takes regular classes as well as honors classes. Megan has been recognized for her abilities in science at her school's 'Achievement Awards' and was chosen to be the Co-Captain of the Color Guard team. She has recently been promoted to Captain of the color guard team where she performs with the band during half time shows and also competitive competitions. In addition to all of this, Megan has participated in CSF (California Scholarship Federation) which is a volunteer club at her school. She recently graduated from High School and is currently attending college in San Diego....so, we gave her some time off!

Megan loves caring for and playing with the animals as they wait to be adopted. "It's fun volunteering and you get to help out the animals and those in charge of the rescue at the same time. How could it get any better?" Megan has a big heart for animals in general and is looking forward to her future volunteer work with Animals Rule.
